JOIN THE 2nd
WORLD BIODIVERSITY FORUM
INSPIRATION FOR ACTION
JUNE 26 - JULY 1 2022
DAVOS CONGRESS CENTRE
SWITZERLAND
www.worldbiodiversityforum.org
We are very pleased to invite you to the second edition of the World Biodiversity Forum! Building on the connections forged at the first, very successful World Biodiversity Forum, we will bring together researchers across all disciplines of biodiversity science with practitioners and societal actors in a forum that offers inspiration and examples for actions and solutions to conserve biodiversity, and set us on a path towards transformation for sustainability.

The second World Biodiversity Forum will be held as a hybrid event, with the option to participate in the meeting either in-person at Davos Congress Centre, or remotely from all over the world via a virtual meeting platform.
